

Complete the census online at a SeniorNet near you

The census the official count of how many people and dwellings there are in New Zealand. **Census day is Tuesday 6 March 2018.**

In late February, you'll get a letter that lets you choose how you'll take part in this year's census, either online, or by paper if you prefer.

This census we're aiming to collect most of the information online. If you want to do your census online, but need some assistance, SeniorNet is here to help.

Between Wednesday 28 February and Friday 9 March, SeniorNet will provide guidance and free computer use for **people over 50** to fill in their census at learning centres across the country.
