

## Complete the census online at a SeniorNet near you

The census is the official count of how many people and dwellings there are in New Zealand. **Census day is Tuesday 6 March 2018.**

In late February, you'll get a letter that lets you choose how you'll take part in this year's census, either online, or by paper if you prefer.

**This census we're aiming to collect most of the information online.** If you want to do your census online, but need some assistance, SeniorNet is here to help.

Between Wednesday 28 February and Friday 9 March, SeniorNet will provide guidance and free computer use for **people over 50** to fill in their census at learning centres across the country.

## Find a learning centre in Nelson/Tasman

**Marlborough  
Sounds:**  
03 574 2558

**Golden Bay:**  
03 525 6018

**Nelson:**
